

# *Out and About with Lucas and Friends*

Join Lucas and Ella as they make new friends and meet new neighbours. Here you can read the first few chapters of *Out and About: Lucas and Friends* to find out why Ella's neighbour carries a bag around. Is he really a thief? And what happens when one of the new boys in town gets sick? Mrs. Robinson makes the best gigantic cookies in town, but how she hates crows and groundhogs! Will Lucas get the pet he is determined to have? Can he make a trap to catch one?

With a mouse in the house, bunny traps, foxes and trains, and birds of all kinds—including a duck on the dining room table—you can follow these friends on their adventures as they solve their problems and discover that God cares for them and is teaching them more about Himself. Each story is followed by a *Talk About It* to help make a personal application. Ages 7-12.
